871.208 Rehabilitation facilities.

The provisions for payment of charges to rehabilitation facilities for the rehabilitation services provided under Chapter 31 are paid in the same manner as charges for educational and vocational services through contract, agreement, or other arrangement.

871.209 Records and reports.

Contracts, agreements, or arrangements will provide for the number and frequency of reports, adequate financial records to support payment for each trainee and maintenance of attendance and progress records. Such records will be preserved for a period of three years.

871.210 Correspondence courses.

Contracts with institutions for correspondence courses will provide that:

(a) Major changes in courses or course material will not be binding on the Department of Veterans Affairs until such time as a supplemental agreement is negotiated to the contract.

(b) Minor changes in course or course material not affecting the length of the course or number of lessons and not lowering the educational value of the course or the quality of the course material such as revision of text, the substitution of a newer lesson for an older one, or the substitution of equipment of equal or greater value, are permitted without supplemental agreements. Such minor changes and revisions shall be placed on file with the contracting officer at the time of the change or revision.

(c) Trainees be provided with prompt and adequate lesson service and, unless otherwise specified in the contract, be furnished the same texts, lessons service, diplomas, and other services as are normally provided for regularly enrolled nonveteran students.

(d) All lessons be adequately serviced on an individual basis. Grouping of lessons, into units or partial servicing does not meet this requirement.

(e) Each lesson must have a separate examination adequate in terms of lesson content.

(f) The training of persons under a Department of Veterans Affairs contract or the fact that the United States is utilizing the facilities of the institution for training veterans shall not be used in any way to advertise the institution. References in the advertising media or correspondence of the institution shall be limited to a list of courses under Chapter 31, Title 38, United States Code, and shall not be directed or pointed specifically to veterans.

(g) The rates, fees, and charges are not in excess of those charged non-veterans.

(h) That payment will be made on a lesson completed basis in areas for assignments sent in by trainees and serviced during a pay period as established by the contract.

(i) Payment will be made only once for each lesson even through it is necessary to service a lesson more than once.

871.211 Information concerning correspondence courses.

Specific questions on correspondence courses as to the content of courses, academic credit, and entrance requirements for courses included in Department of Veterans Affairs contracts may be directed to the institutions offering the courses.
